Dear Sir:

The Appalachian Search & Rescue Conference is interested in obtaining emblems for its members. Enclosed is a sketch of the design which we plan to use. Also enclosed is a quotation sheet which we would like you to fill out. Note that there are the two special categories for flourescent ( "day-glo" ) and reflective ( "Scotch-Lite" ) materials, if you can provide them. For each category, we have a range of zero to 500 emblems, so please quote on your minimum quantities and multiples to include this radge. Also, please quote for the four diameters listed. We will be looking forward to your response, and we hope that we can utilize your services.

Sincerely,  

G. Harrison
