

Preferred sources of ASRC uniform materials
updated 10/13/2007

Keith Conover, M.D., FACEP, Vice-Chair, Board of Directors, Appalachian Search and Rescue Conference

The ASRC uniform shirt is based on a blue chambray work shirt. (Chambray is fine lightweight fabric woven with white threads across a colored warp.) The preferred source for ASRC uniform shirt is Dickie's.

Dickie's blue chambray work shirts are available at www.dickies.com, and are also available at WalMart. Other brands such as Carhartt and Cabelas are also acceptable, provided the shirt is of a similar color blue chambray.

ASRC patches and rockers may be purchased from SARCamp. (www.sarcamp.com)

Fabric name tapes may be obtained from US Cavalry. (www.uscav.com)

Blue plastic nameplates may be obtained from Staples. (www.staples.com) We recommend using a soldering iron or gas stove flame to heat the attached pin and then pull off the back of the badge, then roughen the back of the nameplate and epoxy hook Velcro on the back of the nameplate. Sew hook Velcro onto the uniform.
