

Admendmentments to the ASRC Articles of Incorporation.

→ Passed by ASRC General Membership 4 October 1986

9/1/86

Admendment # 1:

Rewrite: Article IV--Membership.

Change: C. Associate Members,  
D. Auxiliary Members, and  
E. sustaining Members.

To: C. Associate Members, and  
D. Sustaining Members.

Purpose: This admendment removes the catagory of auxiliary member. This membership type is not only unnecessary, but is not even being used. Therefore, let's purge it.

Admendment # 2:

Rewrite: Article V--Board of Directors, Section A.

Change: A. Directors must be Certified members, and shall be elected by the Certified membership in accordance with the procedures specified in the Bylaws.

To: A. Directors must be Certified or Associate members, and shall be elected by the Certified and Associate Membership in accordance with the procedures specified in the Bylaws.

Purpose: 1) This admendment allows for a greater pool of individuals to fill the post of "member of the board of directors". The onus is still on the groups to make sure they choose reasonable directors.

2) More importantly, this admendment allows Associate Groups to have a member on the Board of Directors.
