MEETING AGENDA AND ADDITIONAL MATERIALS

Hosted by TSAR

Appalachian Search and Rescue Conference (ASRC)
Annual General Membership Meeting (GMM)
Agenda

Saturday – April 18, 2009

All Day	Geocaching - Maps available Saturday morning at the Newport News City Park (NNCP) Activities Building
0900 – 1200	Alzheimer's and First Responders Presentation given by Robert B. Schaefer (Alzheimer's Association Greater Richmond Chapter) at the ICG Building.
1200 – 1300	Lunch at ICG Building provided by PSAR, \$3.00 per person (Hamburgers and Hot Dogs)
1300 – 1600	<i>Seeing What Doesn't Belong</i> presentation at the NNCP Activities Building given by Mark Gleason (SARTI) The Activities Bldg is across from the camp store. or ASRC Dispatcher Training at the ICG Building given by Steve Weiss (SMRG)
1800 – 2000	Dinner and GMM at the ICG Building – Dinner will be Boston Butts (pulled pork), Chicken, Baked Beans, Cole Saw and Rolls
2100	ASRC Skills Competition beginning at the NNCP Activities Building

Sunday – April 19, 2009

0930	ASRC Board of Directors (BOD) Meeting
------	---------------------------------------

2009 ASRC Annual GMM Hosted by TSAR
April 17, 18, & 19
Newport News, VA

Agenda

ASRC AGM Meeting, 18 April 2009
1800 – 2000
ICG Building
230 Pickett Line, Newport News, VA

Chair's Opening

- *Welcome to Members & Special Guests*

Routine AGM Business

- *Acknowledgement of Member Service*
 - 5, 10, 15, 20, 25-Year Service Awards
- *Special Awards*
- *Acknowledgement of Officer Service*
- *Chair's Report*

ASRC Policy, Procedures, and Standards

- *Admin – Conference and Common Group Business Practices*
- *OPS – Standard Operating Procedures*
- *Training – Common ASRC Training Elements*

Any Other Business

- *BOD moving toward BLS licensure*
- *Virginia SAR Conference*
- *Evening's ASRC Challenge*

Questions from the Membership

Close / Thanks / Continue the meeting informally

Directions from Newport News Park to the ICG Building on Pickett's Line

1. From the Park go left onto Jefferson Ave/VA-143 0.3 miles.
2. Turn right at the light onto Fort Eustis Blvd/VA-105 - 440 feet.
3. Take the ramp onto US-60/Warwick Blvd - 0.5 miles.
5. Turn left at onto Picketts Line (across from the 7 Eleven).
6. The ICG Building will be on the left in about a half mile. Come through the gate and park. Enter through the double doors.

FOR THOSE OF YOU CAMPING AT NEWPORT NEWS CITY PARK:

Please remember that you must stop and sign in at the camp store. That is where you will be assigned your campsite and pay for it. This is the second entrance to the park off of Jefferson Avenue, the first entrance is for the park headquarters/visitor information.

Also, the park allows two tents per campsite, so you can double up and save some money that way.

Guidance for the use Newport News City Park

Newport News City Park (NNCiP) is one of the largest city park on the east coast, 8,000 acres. It has two reservoirs: Lee Hall and Harwood Mills. It is bordered by: Colonial National Historical Park, Endview Plantation Historical Site and Lee Hall Mansion Historical Site. This area has some of the most interesting history, scenery and wildlife to see, as you journey through it.

The park is bordered by Yorktown Road (VA0238) and Jefferson Avenue (VA-143) on the west end and Fort Eustis Road (VA-105) on the south end. For your own safety, please **DO NOT PARK** on any of these roads. They all have heavy traffic use, both large and small vehicles. There is plenty of parking inside the park, even on the weekends.

NNCiP offers a multitude of activities for the family with miles of biking, hiking and equestrian trails, an archery range, arboretum, Discovery Center and more.

There are no geocaches inside the archery range boundary and it is well marked, just be aware any time you are near it. Do not go beyond these warning signs. The signs are visible from the trails.

The weather has not been very cooperative to the Tidewater area. Many hurricane have left their mark. As such be careful when leaving the marked trails, the knock down are abound full and the journey may be more than you expect. Do not walk over earthworks.

Boats of all kind are available for rent on both reservoirs. Yes, you can bring your own boat, and for a fee (\$4.00 @ day), you can use it. Electric trolling motors are allowed, but **NO** outboard motor.

Recommended parking location inside the park:

Discovery Center -	37° 11.295' N	076° 33.479' W
Camping Register lot -	37° 11.295' N	076° 33.479' W
Picnic Area #1 -	37° 11.295' N	076° 33.479' W
Picnic Area #2 -	37° 11.295' N	076° 33.479' W
Picnic Area #3 -	37° 11.295' N	076° 33.479' W
Picnic Area #4 -	37° 11.295' N	076° 33.479' W
Equestrian area -	37° 11.295' N	076° 33.479' W

The park has a basic Geocaching Class held periodically by The Two Unusual Suspects. This is a great way for a new cacher to pick up some valuable insight. You can learned a great deal. One of the more useful subjects covered in the class is what to take with you while you are out in the field.

Site difficulty may increase as vegetation begins growing.

Do not forget the bug spray, lots of mosquitoes, and in inclement weather or just after it, wear appropriate clothing and/or footwear.

Geo-caching

(What is it?)

Geo-caching is an easy outdoor activity that involves the use of a Global Positioning System (GPS) receiver to find 'geo-cache' (or cache) placed anywhere in the world. A typical cache is a small, waterproof container containing a logbook and a 'treasure', usually trinkets of particular interest to geo-cachers'.

There is some debate among geo-cachers, whether to categorize geocaching as a sport, game or activity.

Proponents for 'geo-caching as a sport like to point out that dictionaries define sport as a 'physical activity that is governed by a set of rules or customs and often engaged in competitively. They feel that geo-caching meets all those criteria.

Others argue against geo-caching as a sport, pointing out that there is no clearly defined rule set for geo-caching – most participants geo-cache in their own manner – which means that competition can not be measurable.

It is a high tech Easter egg hunt. Someone hides a container of inexpensive knickknacks – a cache. Then they post its latitude and longitude on the Internet, and other people go hunting for it. If they find it, they sign a log to record their visit and trade knickknacks if they wish.

Some caches, such as micro's, are too small for trade items and only contain a log to verify visits from geo-cache.

A perfect outdoor activity for families, and groups.

It is a Riddle Ditti! (Multi)

Difficulty: 3 out of 5. Terrain: 3 out of 5

Come one, come all! Big person or small. Ready to hike? We have got something you will like. In a park where there is many. It is a site that's got plenty! Ready for some clues? We are sure they have something you will use.

Our first little site is the start to our stash. (it is on a ridge, close to a bridge. The cache contains coordinates for micro #2, and a hint to help you find it. There is three in a row, as closer you go. Caches contain coordinates to the treasure, and a clue to help you find it. Now there is three bitti ditti's, in a great big city, who will help you search out our treasure. Enjoy! It is out pleasure!

16. **37° 10.697' N 076° 32.514' W**

One in the hand (Regular)

Difficulty: 1 out of 5. Terrain: 2 out of 5

Located in NNCiP, please park either near the equestrian area or in the parking lot at Picnic Area 3. The site is not far from the road, about one-half way between these two parking area. Please do not park along the road. Cache container is an item seen in many locations of this park, just adapted for caching. Please remember to return it upright as you found it. Hope you enjoy the find.

36. **37° 10.724' N 076° 32.616' W**

You found it where? (Regular)

Difficulty: 1.5 out of 5. Terrain: 1.5 out of 5

This is placed in a well known cache-rich park amongst the holly trees. The mystery lies in how the cache is hidden! Read the description 'Carefully'. This is uniquely, hidden, one might say it is just 'hanging' around the park! To get to this easily, park by the equestrian area of the park (near the dumpster), it is a short walk from there. Please return the cache exactly as you found it, so others can enjoy this hide. 1st loop holds the cache, 2nd loop acts like anchor to sign the log.

Hint: None
