

ASRC Communications Committee Chairman Report
August 5, 1989

Proposed Rules and Policies: Awaiting Board action.

Review of License Agreements:

DOGS East - No longer needed (Verbal Soukup)
Blue & Grey - No longer needed (Verbal Soukup)
Triangle Rescue - Still needed (Verbal Elron)
Letter has been sent.
Eastern Region NCRC - Still needed (Verbal Soukup)
Letter has been sent.
Robertson Assoc. - Letter sent.
VA CAP, Stafford County - believed defunct (not contacted)
Great Falls Park - Unknown
VA EMS - Written - Copy not available
S.N.P. - Written

To date, there are no copies of any of these agreements, nor originals of ASRC licenses at the corporate headquarters.

Training Standards: Standards Comm. created Commo standards for FTL, IS, and (new) Base Communications.

Repeater Capability on KA 8 1942: FCC has taken the position that although the license Coordinator made an error; the license must be re-coordinated to add repeater capability. This will cost several thousand.

S.N.P. agreements: Renewal of KB 6 1630 is being done by John Kihl. The letter from the acting Park Super. has been received. Note, this "permanent" agreement is unusual. The park also has a written agreement to use our frequencies.

Increasing Number of field frequencies:

Need two to four frequencies to allow multiple Nets at operations, and decrease interference with local nets. John Kihl is investigating two solutions.

Schedule of requested Tasks:

Rules and Policies - ETC (Board Approved) Oct. 89
Training Standards - ETC (Board Approved) Oct. 89
Training Materials - Est. start Oct. 89
Written License Agreements - ETC Nov. 89
Conference Wide Pager Net - Est start Oct. 89
Obtaining copies of current written agreements - ETC Mar. 90
Increasing number of field frequencies -

Commo Committee meeting scheduled for same time and place as October Board meeting. Each group is requested to send its Commo. Officer. Also, anybody interested in working on commo projects should attend.
