1447	E	Moore	All, Just a quick update on the search in Hanover county. VDEM has switched it over to a full callout for all VA resources. Per conversation with Billy we are limiting the response to Virginia ASRC teams only at this point in time. The premise is management personnel are typically the ones that are willing to drive further	

			<p>and they may need additional management resources in the coming days.</p> <p>Operations will be running 0700 to 1900 and 1900 to 0700. Personnel are expected to arrive one hour earlier.</p> <p>All non VA ASRC teams need to collect avails for the next 72 hours.</p> <p>"ALL" ASRC Incident and Staff and higher should report avails separately for the next 72 hours.</p> <p>Please email avails to asrcdispatch@gmail.com. Incident Staff may call conference dispatch directly with availabilities. In particular if you can respond immediately.</p> <p>-Doug Moore ASRC Operations Officer</p>

At this point I have sent out 4 requests for a CDO replacement with zero response. PLEASE check with your teams to see if anyone is available to fill this vital role. This is a perfect opportunity for a member outside VA to contribute to the search effort and allow a VA resource to respond to the search.</p> <p>Please respond to let me know whether or not anyone from your team can take conference dispatch.</p>
