(Prehospital R.N.)
- ✕ *Wilderness Command Physician*
(Physician)
(Licensed Physician)
(Licensed Command
Physician)

RESCUE

- ✕ *Rescue Specialist*

TRACKING

- ✕ *Tracker*

Note 1: Levels in italics are
Active Member certification levels

Note 2: Additional levels could
be added later, such as com-
munications. Some levels, such
as tracker, we might want to hold
off on implementing.

Note 3: We should remember our
commitment to the idea of the
wilderness search and rescue
generalist who can perform any
task well at a basic level. I.e.
everyone we send into the field
should have Field Team Member
qualifications, and everyone at
Base should have Mission Staff
qualifications.
