Dear Mr. Gormley:

The Allegheny Mountain Rescue Group can continue to maintain its rescue equipment at Mercy Hospital.

It is planned to give the Stat crew storage space near their new quarters but the time frame will not be until well into 1994. We will certainly find and maintain accessible storage for your group at Mercy Hospital. We are pleased that you find our hospital convenient to use.

If I can be of any further assistance, please do not hesitate to contact me.

Sincerely,

Sister Maureen Halloran

Dear Sister Maureen:

SUBJECT: Allegheny Mountain Rescue Group Equipment

Thank you very much for your kind letter of December 14. Providing such crucial support for AMRG leverages our volunteers' efforts toward a goal both AMRG and Mercy share: community service to those in need. With Mercy's noticeable emphasis on rapport with prehospital Emergency Medical Services providers, we look forward to our continued relationship.

If we may ever be of assistance to Mercy in some way, please let me know. Though AMRG's services are very specialized, we are always eager to help others in those ways we can. For instance, we offer short basic survival classes ("Hug-a-Tree") for elementary school age children, and if Mercy would like us to offer such a class for appropriately-aged children at Mercy's day care center, let us know. Thank you very much.

Yours truly,

Owen Gormley, EMT-P, Chairman
